

הוראות למילוי כרטיסי שיטות לארועים רשמיים של WBF-EBL

We have a great deal of useful information about WBF Convention Cards, how to create them, where to find ones used in previous Championships and how to download blanks or official WBF Cards for your own use. You should read this in conjunction with the [WBF Systems Policy](#) to determine which particular systems may be played at WBF events.

Acceptable CCE Programs

The Convention Cards may be prepared using any of the programs listed below - note that there is a version of the WBF CCE for Vista/Windows 7 but it isn't always easy to use and people preparing new cards may find it a great deal easier to download the Word or Excel template and use that.

the **WBF Convention Card Editor** (Windows Version), which is [available here for free download](#), Please read the instructions on that page carefully.

the **Convention Card Editor written by Lee Edwards** (this is no longer supported by the programmer, but may still be used). [Click here](#) to download the zip file containing the program or [here](#) for the .exe file. When sending in the files to register them, please DO NOT print them to a JPG or BMP file, send the original files from the program. There will be two files, one ending .05W, the other ending _05w and both are needed.

Microsoft Word or Excel. For a blank template in either format, please click the relevant link

[Word File](#)

[Excel File](#)

When using either of these, it is your responsibility to ensure that they print correctly - i.e. that each side fits onto a sheet of A4 paper. If you need additional space then please complete supplementary sheets as necessary, cross referencing them to the Convention Card.

Adobe Acrobat - PDF format. **We prefer to have the original files** rather than PDF format, but provided the files are small we will accept this format

PLEASE NOTE: We will NOT accept files in any image format (i.e. tiff, jpg etc) or PDF files which are scans.

Brown Sticker Information

The Brown Sticker forms must be submitted in Microsoft Word format using the [forms provided](#) on the website

Completed Official WBF Cards

The links below take you to the official WBF Cards which you may download and use if you wish.

[WBF Generali Card and Notes](#)

Guide to Completion & Systems Booklet

The official [Guide to Completion of the WBF Convention Card](#), which incorporates the systems booklet is still available. It is a long document, so be prepared!
